Score	64.4%	67.57%

INTERNSHIPS

Ardent Computech PVT.LTD | January 2024 - March 2024

Interning with Python Django can be a fantastic learning experience, often exposing to real- world applications of web development and backend programming. Throughout this internship, not only gain technical proficiency but also learn about teamwork, project management, and the iterative nature of software development.

PROJECTS

Blood bank Management System | March 2024 - March 2024

The Blood Bank Management System is a web-based application, developed using Python and the Django framework. The system is designed to efficiently manage and track blood donations, donor information, and blood inventory, facilitating seamless coordination between donors, recipients, and blood banks.

ACHIEVEMENTS

Received SVMCM Scholarship in B.Tech.

I got Scholarship from IOTech Talent Scholarship Award, It is Organized by Golden Innovative Organization for Computer and Technical Education in school.
